OUTLINES.

Senator Gorman, of Maryland, died in Washington yesterday morning, after a notable career as a national legislator; it was to him the South is indebted for the defeat of the obnoxious force bill; the funeral will take place Thursday from his Washington residence——The House yesterday made appropriations for several monuments, among them one to be erected on the King's Mountain battlefield——North Carolina was one of eight Southern States represented in Washington yesterday at the organization of the South ern States Immigration Commission, for the purpose of promoting immigration to the South——The North German Lloyd Steamship Company having determined to land immigrants direct from Europe to Galveston, Tex., the Commissioner General of Immigration has gone there to establish an immigrant detention camp——President Roosevelt yesterday sent to both Houses of Congres the report of Messrs. Reynolds and Neill making disclosures of the horribly unsanitary conditions in the stockyards and packing houses at Chicago and his message urging drastic legislation for government inspection of the packing houses and their products——Senator Burton of Kansas, yesterday decided to immediately send his resignation to the Governor——The trouble at the mines in Cananea, Mexico, is at an end, but the Mexican government denies that it was of a revolutionary character——New York markets: Money on call easy 3 1-4 to 3 3-4 per cent., ruling rate 3 1-2, closing bid 3 14, offered at 3 12; spot cotton quiet 11.30; flour dull but steady; wheat steady, No. 2 red 94 nominal elevator; corn steady, No. 2, 58 12 nominal elevator; oats steady, mixed 39 1-2; turpentine firm; rosin firm, strained common to good 4.15.

We have a good chance to make believe now that we never did like meat anyhow.

The Maryland penitentiary directors report: "We now have new wings for females." Of course, the directors mean additions to the penitentiary to confine the fly kind of the sex.

Greensboro has made such a success of being a "convention city" that other North Carolina cities have ambitions in that line. However, Greensboro has a long lead at the present time.

"Uncle Joe" is being criticised for opposing Senator Beveridge's packing house inspection amendment. Speaker Cannon is from Illinois and those be his people and campaign subscribers that they are after.

Republican State Chairman Thos. S. Rollins shifted to the shoulders of Ex-Judge Spencer B. Adams the onus, also the odium, of attempting to build up a "respectable Republican party" in North Carolina.

A highly esteemed contemporary discusses "The Obstacles to Universal Peace." No mention is made that one of them is that office-holders are chronically indisposed to rotate and office seekers are prenniany persistent.

It seems that President Roosevelt had to make public the packing house exposures to bring public opinion to bear on Congress. When Congress shows a disposition to crawfish, the man in the White House seems to know that the people constitute all the big stick he needs to bring the National legislators to the scratch.

Says the Charlotte Chronicle: "Gaston county is building good roads by contract labor. The Gazette says that about 25 or 30 miles of roads have been surveyed and the surveys are open to the inspection of bidders. Of course convict labor is cheaper, but perhaps it is not available in Gaston. The pluck of the county, therefore, in building roads by contract, is to be admired." Is convict labor cheaper than the contract system?

It appears that the Beveridge amendment to the Agricultural Appropriation bill, providing for government in spection of packing houses and packing house products, also won't know itself when it gets through the Congressional mill. Already there are numerous amendments to the amendment, and substitutes for the amendment. Old man Crumpacker, of Indiana, has butted in with a substitute.

THE SUPERIOR COURT

Nearly All Day Consumed In Trial of Suit Involving Bankruptcy Matter.

IMPORTANT CASES CONTINUED

Damage Suits Against Consolidated Company Go to Next Term—The Proceedings Yesterday—Term Will Be Concluded Friday.

Superior Court met for the second week of the term yesterday morning at 9:30 o'clock and was engaged practically all day with a trial of the case of C. D. Weeks, trustee, against H. J. Spooner, Jr., of Providence, R. I. The case will be concluded this morning.

The sheriff returned as jurors for the week: A. David, James R. Guthrie, E. G. Parmele, C. H. Bornemann, W. Houston Moore, J. R. Bear, C. H. Casteen, R. A. Parsley, S. W. Merrill, F. B. LeGwin and for the day, J. G. Stanley, A. L. Price, W. K. Bell, J. C. Stewart, T. B. Willard, W. A. Mahler, Allen Crumpler, J. M. Chadwick, E. D. George. Excused by His Honor: A. David, Jno. R. Guthrie, H. Habenicht and A. L. Price.

Some time was consumed in the selection of a jury for the trial of the case of Weeks against Spooner and all the afternoon was taken up with the hearing of testimony. The jury as finally empanelled was as follows: C. H. Bornemann, W. Houston Moore, J. R. Bear, C. H. Casteen, F. B. LeGwin, J. G. Stanley, W. K. Bell, J. C. Stewart, T B. Willard, Allen Crumpler, John Scott and Thos Lupo. The plaintiff is suing for about $7,000 worth of cross ties, Spooner is alleged to have received from Flyn & Co., bankrupts, as a preference over other creditors within the four months prescribed by the National bankuptcy acts. The plaintiff, as trustee, seeks to have this money returned to the estate of the bankrupt. Appearing for him are ex-Judge E. K. Bryan and Messrs. Davis & Davis, while counsel for the defendant, Mr. Spooner, are Messrs. Herbert McClammy and Rountree & Carr. The case finally resolved itself into a question of the construction of a contract which the defendant alleges to have had with Flyn & Co., and pending the argument of the law points involved before Judge Webb yesterday evening, court took a recess until this morning.

During the dinner recess of the court yesterday Juror Thos. B. Willard became ill and was unable to return for the afternoon session. By consent of the attorneys on both sides, the case was continued with eleven jurors.

Judge Webb has found it necessary to return home Friday morning of this week and, therefore, the time for the disposal of cases of any length is limited. By consent the cases of Frank Meier, admr. and Melvin Horne against the Consolidated Company have been continued until next term. By order of the court, the Horne case is set for the second suit to be tried at the next term of court. Other cases disposed of yesterday were as follows:

Z. W. Whitehead vs. A. C. L. R. R. Co.; continued.

F. T. Mills vs. W. W. Alderman; judgment off; costs to be paid in two cases.

William Johnson vs. Mrs. Susan E. Moore; continued by consent.

A. O. Jennings vs. J. T. Smith, continued by consent.

A. E. Jennings & Co. vs. J. W. Capps and J. C. Walton; continued by consent.

Jas. F. Hartman vs. Julia Hartman; judgment for non suit; plaintiff to pay costs.

Jno. W. Harper vs. W. R. Bonsal, et al.; continued.

S. A. Parmele vs. J. M. Bunting; ordered that W. G. MacRae bs appointed to survey certain lands.

Savannah Grocery Co.; vs. A. Steljes; judgment; costs to be paid.

Edmund Highsmith vs. Thos. A. Smith, continued.

The next case set for trial is that of William J. Hart, et al. vs. the Wilmington Grocery Co., in which the plaintiff asks for $10,000 damages because of injuries alleged to have been received by Mrs. Hart and child in consequence of the runaway of a horse attached to a delivery wagon of the defendant company. Hon. Jno. D. Bellamy & Son; Herbert McClammy and L. V. Grady, Esqs., appear for the plaintiff while Messrs. Rountree & Carr are counsel for the defendant.

Another case the attorneys hope to reach is that of L. A. Peterson, who sues the Coast Line for $5,000 for the loss of a foot, crushed off by a train at Atkinson, N. C., some time ago. Messrs. R. G. Grady and Herbert McClammy appear for the plaintiff; Messrs. Davis & Davis, for the railroad company.

—Mrs. E. A. Silva has returned from a very pleasant visit to relatives and friends at Watha and Burgaw, N. C.

PRESIDENT OF CONFEDERACY

His Natal Day Honored By Daughters of Confederacy in This City Yesterday—Interesting Exercises.

In honor of the birthday of Jefferson Davis, the beloved president of the Southern Confederacy, pretty and appropriate memorial services were held yesterday afternoon in the W. L. I. armory by Cape Fear Chapter, United Daughters of the Confederacy. There was a good attendance and the ladies were enthusiastic in the honors paid to the distinguished Southerner.

The exercises opened with the spirited rendition of "Dixie" by Mrs. Alfred Moore Waddell and "Sewanee River" by Mrs. E. K. Bryan. The musical selections were followed by some remarks and the placing of wreathes by Miss Sanders. The Chapter then received with feeling a contribution of evergreens and flowers from the old Jefferson homestead in Mississippi from Miss Hettie James.

Comrade Rogers, of the Lost Cause, was presented with a Cross of Honor, the insignia having been pinned on the lapel of his coat by Mrs. Myers.

Miss Sanders next entertained the Chapter with some remarks concerning Winne Davis, the idol of the Confederacy. Then Comrade Littleton, of Cape Fear Camp of Veterans, gave some interesting reminiscences of the Seven Days fighting around Richmond. Next "The Bonnie Blue Flag" was struck up and as the last verse was being sung Comrade Littleton joined in the refrain with a jolly old Reb. melody that swept everybody off their feet.

Mrs. Parsley next read with much interest to the Chapter a letter written on his death bed by President Davis to Col. Wharton J. Green, of Fayetteville. This was received with much interest by the ladies.

OPENING AT TARRYMOORE.

Brilliant Inaugural Ball There Last Night—Music Excellent.

The opening ball at the Hotel Tarrymoore on Wrightsville Betch last night was a delightful affair in every respect. There were about 300 dancers and spectators present and all were charmed with the event. The hotel was brilliantly illuminated, every window on the south side of the building being a blaze of light while within the scene was a pretty and an animated one. The music was excellent and those who attended speak of the affair in most enthusiastic terms. The hotel orchestra led by Prof. J. T. Martin, has arrived and the music last night was remarked upon as being exceptionally good.

Conductor Sues A. C.L.

Yesterday's Fayetteville Observer: "Through his counsel, Messrs. Sinclair & Dye of the Fayetteville bar, Capt. C. F. Napier, a conductor in the service of the Atlantic Coast Line R. R. Co., has brought suit against the railroad for injuries sustained some time ago in a freight wreck at Hope Mills. It will be remembered that Capt. Napier, seriously hurt, was brought to this city on a special by Dr. J. V. McGougan, the railway surgeon, and was carried to the Highsmith hospital, where Dr. McGougan found it necessary to amputate his arm. The amount of damages asked has not been stated."

Was Robbing a Saloon.

The only case of interest in the police court yesterday was that of Harry Davis, a half-grown negro boy, who was caught in the act of robbing the cash register in Rhodes' saloon, on Princess street, Sunday morning. The boy effected an entrance from the rear and was seen attempting to get in the cash box with an oyster knife. Officer H. W. Howell came down from the City Hall and arrested the youngster. He was held for the Superior Court by the Mayor yesterday under bond of $100 which he could not give and went to jail.

W. S. & L. R. T. Company's Officers.

The annual meeting of the Wilmington, Southport and Little River Transportation Company was held Saturday evening at the office of Stone & Co., on Water street. Mr. M. J. Corbett was elected president; Mr. R. R. Stone, vice president; Mr. C. C. Chadbourn, secretary and treasurer; Capt. W. A. Sanders, general manager, and the gentlemen named with Messrs. H. C. McQueen, M. W. Divine and W. A. Rourk as directors.

BOARD OF ALDERMEN

Regular Monthly Meeting For June Held Last Night at City Hall

A VARIETY OF MATTERS

Tilt Over Election of New Policemen—Annual Reports of Street Work and Police Department—Much Unimportant Business.

The Board of Aldermen was in session three hours last night, it being the first meeting of the new fiscal year. All members were present except Aldermen Moore and King, who were excused, the latter on account of a death in his brother's family. During the course of the proceedings a lively colloquy ensued between Aldermen Brown, Johnson, O'Brien and others over the adoption of the police committee's report, recommending the five extra men for the force, but after all was over the members appeared in the best of humor and the result of the running debate was a partial defeat of the committee's report only. Other matters were largely routine and unimportant.

Dr. Wright Hall addressed the Board in regard to the condition of Front street, between Dawson and Marstellar by reason of the unloading of cars for the Standard Turpentine Co. It was recommended that the Streets and Wharves Committee require the A. C. L. to move its track from near the centre to the western side of the street.

Chairman Yopp, of the Finance Committee, adverted to the very fine record made in the collection of taxes in the Treasurer's office during the past fiscal year. A suggestion was made by the Committee that the collection of fines and forfeitures in the Mayor's court be handled through the office of the City Treasurer and that the clerk of the court make daily report to the Treasurer's office as to his collections. The Mayor stated that it was a matter pertaining to his court and the Board of Aldermen had nothing to do with it. Upon motion of Alderman O'Brien, the matter was postponed until the next meeting.

City Engineer P. Matthew made report as to cost of laying drainage pipes in different parts of the city as recommended to the Board of Aldermen by the Board of Health at the last meeting. About 600 centre stones were also reported to be out of adjustment in the city and that they could be adjusted, 300 in number at a cost of about $5 each. The drainage matter was referred to the Streets and Wharves Committee and the City Engineer. The matter of the centre stones was deferred until next meeting.

Alderman O'Brien, who was directed to ascertain if the plant of the N. C. Cotton Oil Co. is in the city limits and the property liable for taxation, reported that a portion of the mill, the feed house and about an acre and a half of the land are in the city limits. The matter was referred to the Finance Committee to see that the property is properly listed for taxation.

Alderman O'Brien recommended that the sidewalk in front of Fourth street market be laid with granolithic. An appropriation of $350 for this purpose was made, the Board of Audit and Finance concurring.

It was ordered that in future the street laborers be paid off at 12 o'clock on Saturdays.

Chairman O'Brien reported that the retaining wall on Chesnut street was being completed.

Chairman Karr made report of the arrangements for the purchase of horses for the mounted police and the action of the committee was confirmed.

Twenty-eight tons of the cobble stones in the City Hall yard were sold to the Consolidated Co. for use between their tracks, the price to be $1.65 per ton.

Upon motion of Mr. Karr, $5,000 or so much thereof as is needed, was appropriated for the laying of granolithic sidewalks where property owners refuse to make the improvement.

Upon motion of Mr. Brown, two streets carts were ordered sent to a pond at Second and Meares, reported to be in a condition dangerous to the public health.

Chairman Rathjen, of the Fire Committee, reported that the berth for the steamer Atlantic at foot of Chesnut street, was nearing completion.

Chairman Johnson reported progress as to the water works matter.

Contract for the oil lamps was awarded to J. B. Casteen for $900 per year. B. F. Lane bid $825 and W. T. Sullivan bid the same but upon recommendation of the committee, the award went to Mr. Casteen.

The bid of the Consolidated Company for incandescent, arc and gas lights was accepted. The rate this year is considerably less than last year, being $72 per year for arcs.

Aldermen Moore, O'Brien and Brown were appointed a committee to examine liquor license applications prior to their submission to the Board July 1st.

The police were allowed their usual annual outing on June 27th.

The tax books of 1905 in transcript were ordered turned over to the City Attorney for collection.

Petition of Charles Richters and others for the paving of Harnett, between Fourth and Fifth streets, the property owners agreeing to pay the difference in cost between vitrified brick and macadam, was referred to the Streets and Wharves Committee for report, after a motion to do the work had been voted down on the ground that the arrangements for the permanent work are not yet completed.

Fight Over Police Report.

Mr. Johnson made a vigorous fight on the report of the Police Committee, recommending the appointment of Messrs. S. A. Nichols, M. C. Huggins, C. H. Tatum, Benj. J. Reaves and M. E. Guy as the five extra men allowed for the ensuing fiscal year and the election of Messrs. Jesse Brown and Joe Lane from the position of substitutes to regulars on the force. The objection was only to Messrs. Reaves and Guy, whom Mr. Johnson charged as men he conceived to be unsuitable for the department. Messrs. J. B. Hall and L. G. Smith were named as substitutes. Alderman Brown strongly urged the adoption of the report of the committee and charged Alderman Johnson with ulterior motives in making opposition to the men named. Mr. Johnson charged that Mr. Reaves was not a sober man and that Mr. Guy had been disciplined by Mayor Waddell's former administration and also by the last administration. Alderman W. H. Yopp recited his recollection as to Mr. Guy's case and made a substitute to a motion to adopt the report of the committee, that the gentlemen named, except Messrs. Guy and Reaves, be elected and that the election of the two last named be held up until charges made on the Board are investigated. Mr. Brown spoke with feeling and with vigor against the dilly-dallying and urged his colleagues to vote for the men as a whole—the committee, he said, was competent to judge of these matters and its report should be adopted. Mr. O'Brien had some views on the case and knew there were lots off men who took a drink who were better than some hypocritical tetotalers, who didn't take a "smile." However, since there was objection to two of the men, he would not insist upon their immediate election. Mr. Karr, chairman of the Police Committee said he would accept Mr. W. H. Yopp's substitute to defer the election of the two men and the others were elected unanimously with the exception of the vote of Mr. Brown, who wanted all elected or none. Alderman Brown pounded the desk when he talked and delivered hot shot at those who opposed him, especially Mr. Johnson, who was not silent by any means.

Alderman Price, Chairman of the Ordinance Committee, said that the Local Board of Fire Underwriters would meet the following day to take some action relative to the storage of gasolene, etc. and that he would meet with them for the purpose of formulating an ordinance regulating this complained-of evil. Mr. Price said this ordinance would be much shorter and less complicated than one formerly introduced and that he would have it ready for passage at the next meeting.

MR. SILAS SNEEDEN IS DEAD

Well Known Locksmith of This City Died Suddenly Early Yesterday Morning—Remains to Councils.

Mr. Silas Sneeden, a well known locksmith of this city and a gentleman held in the highest esteem by those who knew him, passed away suddenly yesterday morning at his home No. 119 South Eighth street. Death was due to heart disease. Mr. Sneeden had arisen yesterday morning about 7 o'clock in his usual health, apparently, and was preparing to leave for his work downtown, when he was seen to fall acros a bed in the house and he was dead before help could reach him.

Mr. Sneeden was 43 years of age and was quite well known in Wilmington. For several years he had a repair shop near Second and Dock streets and was master of his trade in every particular, enjoying a good patronage.

Deceased is survived by two brothers, Messrs. Stephen Sneeden and T. J. Van Sneeden, both of whom live on Greenville Sound. He also leaves a widow and a young son.

Funeral services, attended by Hanover Lodge 145, Odd Fellows, to which order he belonged, were conducted at the home last night at 8:30 o'clock. The remains were sent for interment to Councils early this morning on the 4:30 A. M. Seaboard Air Line train.

TAX RATE OF COUNTY

Slight Reduction Made By County Commissioners at Meeting Yesterday Afternoon

TO ENLARGE THE JAIL

Three Permanent Bridges to Be Built. Budget Upon Which Levy Is Made — Insolvent Poll List Many Routine Matters.

The most important matter before the Board of County Commisioners at its regular monthly meeting yesterday afternoon was the fixing of the tax rate for the ensuing fiscal year. Formerly the rate was fixed by the Board of Magistrates of the County upon recommendation of the Commissioners, but the new law now leaves that matter entirely with the one Board and consequently no meeting of the magistrates was held. While the estimated expenditures are necessarily greater for the ensuing year, there is an increase of valuations and the Board at its meeting yesterday found it practicable to reduce the rate from 36 to 35 cents on the $100 valuation of real and personal property and three cents on the poll. The State tax remains the same. In addition to the property tax, it was also ordered that there shall be collected for county purposes on all subjects of taxation embraced in Schedule A. A., B. and C., of the Revenue and Machinery Act of 1905 of the General Assembly of North Carolina, the same tax as is by law specifically imposed for State purposes, except on such subjects as are forbidden by law of the State. The poll tax is reduced three cents as provided constitutionally, three times that of the property rate. The estimated receipts for the year are as follows:

Estimated Expenses.

Tax listing	$ 1,250.00
Outdoor poor	5,500.00
Refunded taxes	100.00
Miscellaneous	150.00
Contagious Diseases	500.00

C. H. Bonds	1
Total	35

The budget includes something like $6,000 for doubling the capacity of the jail by building an addition in the rear and for building three reinforced concrete bridges on the macadam roads of the county. A number of other improvements are also contemplated.

All members of the Board were present yesterday except Mr. Alexander. After the regular business was disposed of, the Board spent much time is going over the insolvent list of poll tax payers of which there are about 900, largely colored. Last year there were more than a thousand. The Board will complete its work in this respect at the meeting of the Finance Board Thursday afternoon.

Mr. Samuel Blossom appeared before the Board and asked that the county complete the Castle Haynes turnpike to the Pender county line, extending from the church to the ferry at Castle Haynes. Mr. Blossom was assured that the improvement would be looked after in due time.

Dr. A. C. Nielson, manufacturer of Eel Oil Liniment, appeared before the Board and asked about payment of his Schedule B. tax. He was allowed to pay under Section 31 as a healer at $5 to the State and $5 to the county.

Application of Mrs. Reynold for transportation to her former home in Texas was referred to the Associated Charities for investigation and report.

Messrs. W. A. Lineker, Martin Schnibben and George Trask appeared before the Board in reference to a short road wanted from the Castle Haynes turnpike to Wrightsboro. Referred to Roads and Bridges Committee.

In response to request of Mr. D. J. Fergus and others of Masonboro, it was ordered that the old Federal Point road be strawed from the city limits to near the seven mile post, the

PUNISHING LYNCHERS IN NORTH CAROLINA.

The whole country seems to have its eyes on North Carolina since the Wadesboro lynching, the special interest being the outcome of Governor Glenn's prompt and vigorous steps to run the lynchers down and bring them to trial for the crime of hanging and riddling J. V. Johnson with bullets. Judging from the fact that 14 men have been bound over to court, under strong evidence, the North Carolina lynchers may expect to meet up with serious trouble in the courts of the State whose laws they have so ruthlessly violated. At this writing it appears that the Wadesboro lynching is to be made a severe example to mob murderers in the Old North State.

Speaking of Governor Glenn's opportunity to make an example of the lynchers the Chattanooga Times of Sunday says:

"Aaccording to an Associated Press dispatch North Carolina is about to give the balance of the country an exhibition of how to treat lynchers. A mob the other day at Wadesboro, in that State, took a white man from the county jail, charged with murder, and, giving as an excuse for their crime that they feared the courts would not convict and punish him, proceeded to hang him. The story of the lynching reached the Governor and that functionary being a very courageous man and thoroughly opposed to immunity for lynchers, has secured the arrest of at least fourteen members of that mob and the whole bunch were committed to jail and finally admitted to $5,000 bail each and given the right to change of venue. It is stated that these arrests are not to result in a bluff, but that the trial will be thorough and exacting.

"The idea actuating the authorities is that lynching must stop; that while there may be some difficulty in convicting members of a mob for taking the life of a negro rapist, there must be a limitation; and realizing that the lynching of negroes for the crime against women inevitably leads to the lynching of white men for lesser offenses, they are going to make examples of the offenders in this case to their everlasting credit and the honor of the Southern people. The growth of this crime of mob violence must be prevented somewhere and somehow, and if North Carolina shall follow Alabama and Mississippi by sending a lot of the lynchers to the penitentiary for long terms the example will be worth much to the South.

"The lyncher is not the good citizen of the community in which he lives and does not represent the same. The Richmond Times-Dispatch recently commenting on this fact, relates that a 'chivalrous leader of a lynching party organized to avenge the honor of Virginia womanhood at Danville, was recently arrested, caught red-handed whipping his aged mother with a rawhide!' The personnel of the average mob does not sustain the general excuse urged for that sort of violence and the sooner the real supporters and defenders of social order and the sanctity of the home recognize this, the sooner will the crusade against lynching become effective."

THE RALEIGH AND PAMLICO SOUND RAILROAD.

It seems that work is going to be vigorously pushed on the Raleigh and Pamlico Sound Railroad now being constructed from Raleigh by way of Wilson to Washington, N. C. The report of steel rail sales at New York the past week includes 7,000 tons for this North Carolina project. The Wheeling and Lake Erie Railroad purchased 10,000 tons of rails, and those two purchases were the largest last week.

The following correspondence from Wilson last aSturday, also indicates the activity on the Raleigh & Pamlico Sound Railroad:

Representatives of the firm of Good, Hart & Co., who have secured the contract of thirty miles of road for the Raleigh and Pamlico Sound Railroad, arrived in this city yesterday, having come from Raleigh over the route of the new road, in vehicles. In the party were also Mr. John T. Deegan and Mr. Henry Costen, representatives of M. Ronano, an Italian banker of New York city. Wilson will be headquarters for the contractors while the fifteen miles each way east and west of this city is being built, and it is said that the pay roll will amount to $25,000 per month during the construction. Five hundred Italians will be sent here as soon as arrangements are made to house and feed them. This, Mr. Costen will arrange for. It is said that all the supplies will be bought here, so Wilson's trade will be much benefitted by the road builders. Headquarters are to be established here at once by the contractors."

The new road will make it an important one for Wilson, as it will give that growing city an outlet to navigation at Washington, and connection with the Seaboard and Southern at Raleigh.

COTTON PRODUCTION IN KOREA.

A cablegram from Tokio, Japan, states that the members of the Japanese parliament who have been visiting Korea to study the cotton prospects, "have brought back a hopeful report." They think that at a moderate estimate the Korean crop ought to be worth $40,000,000 annually. Japan now imports yearly from India and elsewhere $56,000,000 worth of cotton, which probably will be largely replaced by Korean cotton, should the estimate be correct.

Cotton is a native of China, and has been raised in that country and in Korea for hundreds of years. It is astonishing that the industry has not developed in that country to a greater extent.

FIRE LOSSES THAT STAGGER US.

The New York Journal of Commerce has figured up that the fire losses in the United States and Canada during May footed up $16,512,850. The burning of the cotton waste plant at Charlotte, with a loss of $200,000, is put down as one of the important fire losses during the month. The largest loss was $1,000,000 on account of the destruction of some fertilizer works on Barren Island, New York. Chicago had a $650,000 fire, Gulfport, Miss., had a $400,000 loss in the burning of the naval stores plant of S. P. Shotter, and Knoxville had a $325,000 candy factory fire.

During the month of May there were 285 fires with a destructiveness each of $10,000 or more. Included in the 285 fires were 63 with losses of $20,000 to $30,000; 42 with $30,000 to $50,000; 27 with $50,000 to $75,000; 7 with $75,000 to $100,000; 25 with $100,000 to $200,000, and 13 with $200,000 and over.

For the five months ending May 31, the 1906 fire losses were $353,714,900, against $81,358,100 during the first five months in 1905, and $161,891,750 during the first five months in 1904. A comparison shows that the fire disasters of 1906, largely exceed in loss those of the entire years of 1905 and 1904. In 1904 the total loss was $252,364,040, and in 1905 $175,154,800. A little subtraction will show that the losses so far in 1906 have been simply appalling.

The San Francisco loss in April is what makes the fire losses staggering, and in giving us a summary of the losses in May, the Journal of Commerce adds:

"The estimate of the loss by the San Francisco conflagration published in our April compilation has been revised to conform to more complete information, indicating a property destruction aggregating at least $280,000,000 and an insurance loss of about $175,000,000. A large number of fire insurance corporations find that their San Farncisco losses will be far heavier than they at first supposed."

THE MAGAZINES.

The Merchants' Journal and Commerce, Editor Norman H. Johnson's consolidated mercantile monthly, is out for June under its new title. It is published in Raleigh and Atlanta, is attractive in appearance, is edited with ability and snap, and in variety and adaptability of matter it is a self-evident proposition of superiority. The subscription price is $1.00 per annum and the subscriber gets a big return for his money.

The June number of the American Monthly Illustrated Review of Reviews is one of special excellence. The topics discussed are varied and embrace the world's leading events and problems of the times. The table of contents is so extensive that all of its strong features cannot be even mention, but an idea of the feast of good things may be had when it is hinted that among the matters discussed are "The Pan American Conference," "San Francisco's Future," "Qestions of Fire Insurance;" "Our Unstable Terra Firma;" "The Revolution of Rice Farming" (illustrated), etc. Under the title of "Progress of the World," Dr. Shaw, the editor, discusses thirty-eight subjects of current importance, including the rate bill and its passage and features, the rate-making power, and, in fact, about whatever is prominent in the public eye at this time. Among the illustrations are portraits of Speaker Cannon, Senator Tillman, Senator Bailey and others who took a prominent part in rate legislation. However, this strong magazine must be read to be appreciated. It is sold for a 25 cents per copy or sent one year for $3. Address Review of Reviews Co., 13 Astor Place, N. Y.

CURRENT COMMENT.

—"A stream of cold molasses moves with the speed of the antelope compared with alacrity with which "Uncle Joe" Cannon of Illinois flies to the support of the Beveridge Meat Inspection amendment.—New York Times (Ind.)

—Mr. Rockefeller was smiling and happy yesterday when he sailed for Europe. And why shouldn't he have been? He owns no stock in any of the Chicago packing houses, and the plain people are all so busy jumping on the beef trust that they have forgotten the Standard Oil Company.—New York World.

—Like most of the people of the North whose knowledge of the negro was based on their ignorance of his racial incapacities and limitations, Mr. Roosevelt has learned from contact with the race to alter his views concerning it. He used to talk of the rights and wrongs of the Afro-American citizen; now his speeches are addressed to their duties and opportunities.—Norfolk Virginian Pilot.

—There was a saying a few years ago that towards the closing hours of the Pennsylvania Legislature some members would say, "If the Pennsylvania Railroad has no further use for this body I move we adjourn sine die." Judging from recent developments the Senate of the United States is in position for some member to say, 'when the Senator from Rhode Island, Mr. Aldrich, is through with us, I move we adjourn'—Montgomery Advertiser.

—Meanwhile since the work of exposure and denunciation has been undertaken by the government, the country has a right to expect still further light. If the President has at his disposal still more appalling information, he owes it to the American people, whose affection and confidence he enjoys, to make a perfectly clean breast of it. He is not empowered under the constitution to make laws, and he have already seen that he cannot control Congress altogether in the matter of its own ligitimate functions. But public opinion can control Congress, and if he has at hand the means of arousing and actuating the agency, he can count upon whatever legislation the crisis may demand. — Washington Post.

LIQUOR THIRST TOTALLY GONE

The Keeley Institute, Greensboro, N. C.

It now being about twelve years since I took the Keeley Treatment at your Institute at Greensboro, N. C., I feel that I am competent to speak in behalf of your wonderful institution. I do not believe there is on earth any other permanent cure for habitual drunkenness in reach of the poor, unfortunate being who has fallen into the crutches of King Alcohol, and it is my sincere wish that everyman who has fallen to such a hellish degree may not delay a moment, but go at once and take the treatment, and thereby be saved from a drunkard's hell, and be restored to his family and community. Such a man only brings grief to his family, and perhaps annoys his neighbors; and at last fulfills the Scripture and lands in a drunkard's hell; when only a small fee asked for the Keeley Treatment might make him a devoted husband and father, and a worthy man in his community; and he could gain at last a seat in Heaven where he could give his praise forever to the wonderful cure of the Keeley Treatment. The courteous treatment shown you by the clever managers, and attendants is second to none in any institution in this land. May the good Lord forever bless the noble managers of this Institute, and may their success equal their merits in the sincere wish of

SPIRITS TURPENTINE

—In the primary at Dunn, Saturday afternoon the delegates were instructed to vote for Godwin for Congress and Jones for solicitor.

—Alex. Brown, colored, was instantly killed on the Spencer yards of the Southern Railway Company Saturday morning while coupling cars.

—The Wake county Republican convention will meet in Raleigh Saturday, June 23, to elect delegates to the State Congressional and judicial conventions.

—Chairman J. R. Young, of the fourth Congressional district Democratic executive committee has called the convention to meet in Raleigh Monday, July 2nd, the day before the State Convention which will be held in Greensboro.

—The furniture plant of the Gray Manufacturing Company, at China Grove, Rowan county, was destroyed by fire Friday entailing a loss of about $8,000. The insurance on the plant was approximately $3,000. Besides the building much valuable furniture just finished was totally destroyed.

—A car heavily loaded with stone on Saturday broke loose from a train at Granite Quarry near Salisbury and ran with great violence into a car at the above named station demolishing several cars and dashing a huge stone into the depot. The train crew jumped for their lives and escaped without injury.

—George White, a colored convict on the Rowan county chain-gang, attempted to escape and was shot in the back by a guard Saturday afternoon. His wounds are considered dangerous. Three of the convicts which overpowered a guard and escaped from the force last week were captured Saturday last at Mooresville.

—Durham special, June 3rd: Last night there was a shooting affair near the center of the town, in front of a negro skating rink. Sam Edwards, a negro man, was twice wounded. One ball entered his back, under the right shoulder blade, and one between the eyes. Neither of the shots, however, will prove fatal. The story of the affair, as best known now, is that Edwards and a strange negro man had some words in front of the rink. The stranger pulled his pistol and fired several times, two of the shots taking effect. He then ran off and has not been arrested.

Goldsboro special, June 3. — Fire destroyed the saw mill, machinery and power plant of the Enterprise Lumber Company in this city to-day. The loss is estimated at probably $15,000, with only about half that much insurance. Spontaneous combustion caused the fire and the inflammable material made the flames gain considerable headway before the fire department could get to the scene. Heroic work of the firemen saved the large planing mill, dry houses and the immense stock of lumber. The fire started about 1:20 o'clock this afternoon, and in a few minutes more than five thousand people were watching the flames do their work of destruction.

—Asheville special to Greensboro Industrial News: Thomas S. Rollins, former chairman of the State Republican executive committee was interviewed today as to whether it was true that Mitchell county had endorsed Mr. Blackburn for State chairman. Mr. Rollins said that the report circulated and the statement published in this week's Tar Heel, that the delegates from Mitchell county were instructed to vote for Mr. Blackburn was false, and a lie out of the whole cloth. "Mitchell county is the banner Republican county in North Carolina, and instead of being for Mr. Blackburn for chairman, is unanimously in favor of Judge Adams."

—Rutherfordton special, June 3rd: Mr. Thomas A. Edison, the great inventor of West Orange, N. J., accompanied by a party composed of his son, Charles Edison, son-in-law, Mr. John Miller, and two other gentlemen, passed through Rutherfordton yesterday evening en route to Polk county, where he will make a thorough search for the mineral, cobalt. He came here from Gaston and Lincoln counties, where he has been for the past week or ten days on the same mission. After spending a few days in Polk county he will make an extensive trip through Henderson, Buncombe, Mitchell and other counties in the western part of the State, and then in Kentucky and Tennessee before returning to his home.

—Wilson correspondence: In addition to the large office building to be erected on Tarboro street by a party of Wilson gentlemen, it is quite likely that another large building will be built on Goldsboro street. Mr. J. E. Richwine, general agent for the Union Mutual Insurance Company, of Portland, Me., has had plans prepared for this structure and we learn that several apartments have already been engaged. The building will be three stories and business offices will be located on the first and second stories, and it is the intention to rent the third story for lodge meetings. Mr. Richwine's insurance company will subscribe largely to the company that will erect the building.

—Charlotte Chronicle: The people in lower Iredell county seem to be in earnest about throwing a bridge across the Catawba, which would open the way into Mooresville from Lincoln and Catawba counties. The building of this bridge would divert some of Charlotte's trade from those counties to Mooresville—more than enough within a year after the bridge is opened to pay for the bridge. Mecklenburg county needs three bridges over the Catawba, one just south of the proposed Iredell county bridge, another near Mt. Holly, and a third on the newly completed macadamized road leading to Gastonia. The building of these bridges would have a vastly beneficial effect upon the trade of Charlotte, both wholesale and retail. But that lower Iredell bridge—it is a menace to the trade of Charlotte. Mecklenburg would have to build one near it in self-defence.

—Charlotte special, June 2: A very striking story of brute courage and faithfulness comes from the country ten miles north of Charlotte, where a family of four were awakened by their pet dog just in time to escape death in the flames devouring the home of Mr. W. M. Beatty. A few minutes afterward the faithful dog was caught in the falling timbers, while rushing about in the children's play-room and was burned to death. At 2 o'clock yesterday morning the dwelling on the farm near Mt. Holly, was burned. It was occupied by Mr. and Mrs. W. M. Beatty, and their two small children. The members of the family were awakened by the dog scratching at the front door. Mr. Beatty jumped and rushed for his children. Mrs. Beatty assisted him in getting the little ones to a place of safety. In a few seconds atfer he had gotten out of the burning building the roof fell in. Mr. Beatty says the last he saw of his faithful dog it was running about the room the children occupied, and refused to leave. The charred remains of the animal was found after the building was burned. The origin of the blaze is a mystery.

—A special term of Nash county Civil court was ordered Saturday by Governor Glenn, to begin June 18th, and continue two weeks. Judge McNeill will preside.

COLONISTS IN THE EAST.

Efforts to Bring Immigrants To This Section.

Baltimore, June 1.—Eastern Carolina is making a bid for immigrants that ought to prove effective. Not long ago the Maryland State commissioner of immigration, Dr. Herman Badentroop, resigned to accept a position with a company that proposes to settle a large colony in the eastern section of North Carolina, somewhere not far from Wilmington, Mr. Badenhoop did a great deal to bring settlers to Maryland and is thoroughly familiar with the immigration situation. He ought to be able to produce results. The pastor of a leading foreign church in Baltimore went to North Carolina two weeks ago and looked over the land. He went as a commissioner to report to a number of intending settlers as to the desirability of the land and the general advantages of the section. It is understood that he was pleased with what he saw and will recommend the planting of a colony in the trucking sections.

BOARD OF ALDERMEN

Concluded From First Page.

In making his committee report, Mr. Price took occasion to tender to the city in behalf of Mr. Martin S. Willard four acres of land east of Fifth street, lying along Greenfield Mill Pond, same to be used and improved as a public park. Mr. Price said other holders of property in the same vicinity would also donate lands for this purpose. Mr. Willard said if the city would macadamize Fifth street leading to the grounds, he would pay a good proportionate part of the cost of the improvement. The matter was referred to the streets and Wharves Committee.

At the suggestion of the Mayor, the ordinance prohibiting bathing in the river without bath suits, was extended so as to include all the river front in the city limits.

At the suggestion, also of the Mayor, the Public Building Committee, was authorized to sell the old iron fence and posts removed some time ago from the City Hall yard and now stored in the city pound.

Year's Street Work.

During the course of the meeting, Chairman O'Brien submitted an annual report of the work done in the Streets and Wharves Committee during the past fiscal year. An itemized report of all the work is not included but some of the items are given as follows: Laying of 1,750 square yards of brick sidewalk, the property owners furnishing the brick and the city laying them. This work was done before the new law went into effect. Red Cross street, between Front and Nutt, was laid with granite blocks furnished by the Atlantic Coast Line and the cobble stones removed. At foot of Grace street 28,508 granite blocks were laid and the cobble stones removed at much expense to the City Hall yard. Five and a half blocks of vitrified brick pavement were laid on North Fourth street. Drain pipe was also laid on this street and to a natural outlet, a distance of eight blocks, requiring 2,820 feet of pipe. Property in this section has advanced 33 per cent. The rock quarry, which was received flooded with water and in bad condition, was put in operation again. One side of Market, between Ninth and 17th. streets, was macadamized, giving a fine, broad driveway. In the Fifth Ward, eight block of good road were laid along streets where fire hydrants had been placed, the macadam on these streets being 18 feet wide and 12 inches deep. Nun street, between Fifth and Sixth streets, was macadamized full width as was also Third, between Red Cross and Campbell streets. Macadam is now being laid on Red Cross, between Fourth and Fifth streets, and will be continued to the hospital. This will take about half of the permanent street fund of $17,000 allowed for this year by the Board of Audit and Finance. An itemized statement of the cost of all these improvements is submitted, the total for all purposes being $37,667.73 including curbing, repair work, etc. For the past year 6,300 square yards of granolithic sidewalks were laid and for the past six months 12,095 tons of rock have been put on the street at a cost of $19,956.75.

Chief Williams' Annual Report.

Among the reports submitted at the meeting was one from Chief of Police Williams, giving an account of his department for the fiscal year ended June 1st. During that period 1,923 arrests were made, 1,104 of the defendants being colored and 819 white. Ninety-nine males were sent to the roads for an aggregate of 3,200 days and 65 female convicts were sent to the county farm for an aggregate of 2,330 days. Cases sent to the Superior Court, 131 under an aggregate of $6,600 in bonds. Collected and turned over to the Treasurer from Mayor's court, $2,896.65. Amount outstanding on old books, $1,724.83. Outstanding on books of past year, $252.20, a greater amount of which is collectible. The chief reports that he has recommended several changes to the Police Committee which he thinks, if adopted, will add greatly to the efficiency of the force. The report concludes with a word of thanks to those who have assisted in any way with the administration of the affairs of the Police department.

FUNERAL OF MR. GEO. A. CROFT.

Impressive Service Sunday Afternoon —Interment in Oakdale Cemetery.

In the presence of a large assemblage of friends at the home of Mrs. J. S. Mitchell, No. 113 North Fourth street, Sunday afternoon at 5 o'clock, impressive funeral services were conducted over the remains of the late Mr. George A. Croft,, whose sad death occurred on Friday. The road superintendent was instructed to comply with the law as to sign boards and mile posts on the public roads of the county.

Contract for groceries for the County Home was awarded to Messrs. Brooks & Taylor. Contract for grain and forage was awarded to the B. F. Mitchell Company.

LOVED BY COLORED PEOPLE.

Representatives of the Race Do Honor to Late Mr. Croft.

Among no class or condition of men was the late Mr. George A. Croft held in higher esteem than by the colored people, especially those living around his splendid country estate on the Sound. Many of the more representative of the race were in the city Sunday to pay humbly a last sad mark of respect to his memory at the funeral services, but nowhere was this feeling more manifest than at a meeting of leading colored people at the Sound just after Mr. Croft's death. The following expression was adopted:

"Mr. George A. Croft is no more. As a Christian gentleman he has gone to receive the reward which the righteous Judge has in reserve for him. The colored people have lost a dear friend in Mr. Croft. His pocketbook was always open to relieve the wants of the poor and needy, and as to his donations to the churches of God, they were many and often. He had planned to do something grand and noble for the colored church at Wrightsville so that the colored people might have an ideal church, and had the good man lived he would have erected a monument to his memory at Wrightsville in the form of a church dedicated to God and erected for the uplift of the colored people at Wrightsville."

SEWERAGE SUBSCRIBERS.

Important Meeting to Be Held Tomorrow Afternoon.

An important meeting of all subscribers to the fund for fighting the case of B. Solomon and others against the Wilmington Sewerage Company is called for to-morrow afternoon at 3 o'clock in the rooms of the Chamber of Commerce. It is for the purpose of taking united and concerted action in the matter and about 80 leading business men of the city are concerned.

NORTH CAROLINA EXHIBITS.

Car to Be Sent on Circuit of New England Fairs.

(Special Star Telegram.)

Raleigh, N. C., June 4.—The State Board of Agriculture tonight at the urgent request of Governor Glenn, who sent a special communication on the subject, made a special appropriation of $5,000 for the equipment of a "house exhibit" of North Carolina products to be constructed and equipped on cars so as to be sent on the circuit of the New England fairs, especially next Fall for the attraction of immigration and capital to this State. The proposition received a bare majority of the vote of the board membership, several including Chairman Patterson believing that the investment would not yield return in proportion to the cost.

Wed This Afternoon.

A marriage of much interest to a great many friends of the young people is that of Miss Wallie F. Topel and Mr. Albert Steljes, which will take place this afternoon in St. Paul's Evangelical Lutheran church. After the ceremony a reception will be given and the bride and groom will leave for an extended bridal tour.

A LITTLE TALK ABOUT CRAWFORD SHOES!

We have found out, time and time again, that the Crawford Shoes talk for themselves even better than we can talk for them. Yet they are just so ood that we can't help but talk about them a little now and then. Ask any of your friends, whose shoes have that exclusive custom look, where the style and comfort stick out in every part, what shoe he wears. We know he will say nearly every time, "They are Crawfords."

We can safely assert that every point of Shoe excellence known to the world's greatest shoe producers has been embodied in it.

It seems incredible that, for the price, we are able to sell a shoe for style, comfort and wearing qualities, that will entirely eclipse the best efforts of the high priced custom makers.

Comfort in a dress shoe is often hard to obtain; that is not so if it is a Crawford.

We can fit you with a new Crawford so that it will feel like an old shoe, but it will ever look like a new one.

GOVERNOR GLENN ILL.

Cancels Some State Engagements—His Father Killed.

(Special Star Correspondence.)

Raleigh, N. C., June 4.—Governor Glenn was confined to his bed all yesterday and had considerable fever. He was sitting up to-day but unable to be in his office. His physician told him he could probably be out tomorrow but that it would be necessary most probably for him to cancel most of his engagements out of the city for some time to come.

Frank Mitchell acting city ticket agent here received a telephone message last night from his home in Franklinton to the effect that a horse ran away with his father and mother while they were driving to church last night, threw both of them out. His father died soon after without ever regaining consciousness and his mother suffered a fracture of the hip and other painful injuries, her condition being very dangerous.

KILLED CROATAN WOMAN.

Sunday Tragedy in Scuffletown—Luther Smith Arrested.

(Special Star Correspondence.)

Lumberton, N. C., June 4.—Yesterday morning about two o'clock, near Pates, on the S. A. L., in Scuffletown, Luther Smith, of Maxton, shot and killed a Croatan woman by the name of Kelly. From the best information, jealously seems to have been the cause of the murder. Smith lost no time in leaving, but Deputy Sheriff Leak Smith was soon on the trail and overtook him at McCall's, S. C. He was surrounded before he knew he was being pursued, and offered no resistance. He told the officer he was willing to return with him, which he did. He was placed in jail here last night about ten o'clock. Smith does not deny the shooting, but says it was accidental, though he does not explain why he left so hurriedly.

It is reported that several hundred Croatans, well armed, were searching for Smith yesterday and they would have caused trouble if they had located him before he was placed in jail. Smith and the woman both have bad reputations.

SENATOR GORMAN DIES IN WASHINGTON

Continued From Page Eight.

two-thirds of the Senators were secured. Condemning extravagance in public expenditures, Senator Gorman's pleas for economy voiced the views of his party that less money should be spent for big ships and more for river and harbor improvements.

Both Houses Adjourn.

The Senate adjourned to-day immediately upon receiving the announcement of Senator Gorman's death. No business whatever was transacted, even the reading of the Journal being dispensed with. There was an unusual number of Senators present and all were manifestly impressed by the solemnity of the occassion.

A committee of 17 Senators to attend the funeral was appointed. The desk and chair formerly occupied by Senator Gorman were draped in deep black in accordance with the custom in such cases.

The House also adjourned when the announcement of the death of Senator Gorman was made. A committee of 17 was appointed to attend the funeral.

Senator Tillman's Tribute.

Senator Tillman to-day made the following statement regarding the late Senator from Maryland:

"Senator Gorman's death has been a great shock to his friends in the Senate as it will be everywhere. We know he was a very ill man but had not expected so sudden and painful a termination. He will be very much missed by his colleagues and now that he is gone his enemies and detractors will doubtless be willing to concede what all of us who knew him very well have known, that he was a man of great ability and tact, and I do not hesitate to say that so far as I have been able to discover he was a man of high ideals and in every way worthy of admiration. I take occasion to say that it is my earnest and sincere belief that of many things laid at his door he was entirely innocent and I know that in dealing with the Wilson-Gorman tariff gill in the Senate in some of the most important schedules he but carried out in good faith pre-election pledges and that he was to be commended rather than criticised and abused, as he was, for his actions in that matter. It would have been 'party perfidy and party dishonor' for him to have done otherthan he did. We shall miss him very much in the Senate and it will be a long time I fear before we shall have in the Senate a man so well qualified and so willing to discharge the responsibilities of leadership which his great experience had imposed on him."

PACKING HOUSE CREATE SENSATION

Continued From Page Eight.

conducted, have been entirely satisfied in every instance with the conditions existing in this industry.

Despite the fact, the Packers assert that they stand ready to adopt any practical suggestion in the line of improvement. The packing companies who affixed their signatures to the statement are:

Armour & Co., Swift & Co., Nelson, Morris & Co., G. H. Hammond & Co., Omaha Packing Company, Anglo Provision Company, Libby, McNeil and Libby, and Schwartzchild & Sulzberger Co.

The statement, among other things, calls attention to the report on packing house conditions by Professor T. J. Burrill, Ph. D., vice president and professor of bacteriology of the University of Illinois, and Professor H. S. Grindley, professor of chemistry at the same institution.

"This report by Professors Burrill and Grindley is based on the result of an investigation made within ten days and is offered by the packers as their commentary on the allegations of Messrs. Neill and Reynolds.

The professor's report says:

"Our observations make it impossible for use to believe the horrible stories recently appearing in print, or that anything approaching the described conditions in this industry really exists. It was apparent to us that the work of the government inspectors was done in strict accordance with the regulations issued by the bureau of animal industry. The condemned carcasses or parts of carcasses are followed by these officials, notwithstanding statements to the contrary, to rendering tanks and those tanks are sealed and unsealed in their presence.

If these men are competent for their work, and they appeared to us to be performing their duty, it is impossible for the packers, if they so desired, to used unlawfully condemned animals or carcasses.

"We paid particular attention to the charges that the employes spit on places which come in contact with the products. We saw only one man expectorate during our entire investigation and he was a government official. We did not find anything seriously repugnant to cleanliness or wholesomeness in the operations, but we did find a desire on the part of all the employes with w hom we came in contact to avoid unclean places."

England Down On Our Meats.

London, June 5.—President Roosevelt's message to Congress on the meat matter as substantially confirming some, if not the worst of the charges against the packers is the subject of general editorial discussion in the London newspapers this morning, and is used as a warning to British consumers to avoid all American products of the kind until a sweeping reform is established.

The papers urge the public to pay no attention to assertions that meat products for export are any better inspected than those for American consumption, and while the President's courage in attacking the conditions is highly praised the public is counselled to purchase only British or Colonial products.

Gen. Miles on Embalmed Beef.

Kansas City, June 4. — General Nelson A. Miles, on his way to Colorado, last night said:

"The disclosures about packing house products now being exploited are no news to me. I knew it several years ago. I told what I knew then. Had the matter been taken up at that time, thousands of lives would have been saved. I believe that 3,000 United State soldiers lost their lives because of adulterated, impure, poisonous meat. There is no way of estimating the number of soldiers whose health was ruined by eating impure food. I have a barrel of testimony on the subject in the way of affidavits which I collected when I made my investigation seven years ago. The investigating committee refused to hear 2,000 witnesses who I had ready. At that time I could have secured the testimony of 100,000 men that the canned beef sold to the army was impure, adulterated and unwholesome. In my investigation of 'embalmed' beef during the Spanish-American war, I found poisons were used to preserve meat. I ordered an investigating and learned from the reports brought to me that canned meats had been sold to the army that had been for months in the warehouses of the Baltimore & Ohio railroad, and at the dock in Liverpool. This meat had been relabeled and sold to the United States for soldiers' rations. I turned the reports over to the War Department and a white-washing investigation was instituted and successfully carried out. The official report was that a 'colossal error' had been made. As a matter of fact it was colossal fraud and the persons who perpetrated it and were interested in it should have been sent to the penitentiary."

GOVERNMENT COTTON REPORT.

Acreage This Season 28,686,000, An Increase of 6.2 Per Cent.

By Wire to The Morning Star.

Washington, June 4.—The crop estimating board of the Bureau of Statistics of the Agricultural Department, finds the total area planted to cotton in the United States this year to be about 28,686,000 acres, an increase of about 1,686,000 acres of 6.2 per cent. as compared with the total estimated acreage planted last year. The average condition of the growing crop on May 25 was 84.6 as compared with 77.2 and 83 at the corresponding dates of 1905, and 1904 respectively, and a ten year average of 84.9 per cent. FREE PASSES FOR RAILROADERS

Employes and Families May Be Exempted from Rate Bill.

By Wire to The Morning Star.

Washington, June 4.—A campaign has already begun to defeat the anti-pass amendment to the railroad rate bill in so far as it applies to railway trainmen and their families. Many telegrams have been received to-day by members of the House signed by officers of organizations of railway employes, reading:

"Please use all means within your power to stop passage of bill prohibiting the issue of passes to railroad employes and their families."

The pass amendment was considered to-day by the conferees on the rate bill and from the discussion had the indications are that it will be amended to exempt railroad employes and their families if the bill is sent back to conference.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundancy.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Summer Sales!

Summer seasons bring Summer sales and we have real Summer values.

In our Millinery Department trade has been unusually good this season and to-day we have the best assortment of ribbon that we have ever had.

We are showing this week No. 150 All-Silk Ribbon, a real heavy quality at 25c. per yard. The No. 200, we are selling at 20c., and No. 80, is 15c. per yard. No. 40, we sell for 10c. per yard.

The prices on this ribbon are very, very cheap, and we have just received an immense supply of these goods of the very best quality, and we have made this special prices on them.

In Hats, we have real nice up-to-date Short Black Sailors with bandeau underneath, the same kind we have been selling for $1.25, we are selling to-day at 75c.

Beautiful White Milan Sailors with silk bands and leather sweats, the prettiest and best beach hat made, we are showing at 98c. It is gooda worth $2.00 each.

We have extra values in 25c., 50c. and 75c. Sailors.

We have also just received an assortment of styles of about twenty dozen, beautiful made Hats. They are goods that ought to be worth from $2.00 to $2.50 each. We are selling tnem from 98c. to $1.19 each.

VAL LACE—We are showing an unusually strong line in the round thread new patterns up-to-date goods.

While we have an immense assortment of cheap laces for 2c., 4c., and 5c. per yard, these goods would surprice you to see the assortment.

But our better laces run from 7c. to 15c. per yard.

I feel sure if you should see our Laces, you would be glad to give us an order.

ROYAL MUSLIN UNDERWEAR—We have secured the exclusive agency for the Royal Muslin Underwear for this city. Our sales since selling these goods, have increased about five times what they used to be, and today, I think this department stand at the head of any department of its kind in the city.

Every customer who buys the Royal Muslin Underwear is well pleased. Every garment is absolutely made correctly. Every seam is properly felled with no raw edges. Every customer brings another customer, and to-day we are selling Underwear, and we want to sell you yours.

We have one young lady who gives this department her entire time.

Ladies may call for what they want for we have got the goods from the cheapest to the best.

For Muslin Underwear, go to Gaylord's, get suited and save money.

LADIES' SHIRT WAISTS —— We have the short sleeves and the long sleeve Shirt-Waist in silk from $3.75 to $5.00 a waist. We also have a beautiful assortment of Lawn Waists from 50c. to 75c. and up to $2.00 each.

UNDERSKIRTS——We control the agency for the Elite Brand. The goods are surprisingly cheap and beautifully made. You can buy a beautiful underskirt for $1.00.

The Russeleen Skirts rustle better than Taffeta Silk, and we are selling them for $2.00 and $2.50 each.

The Elite Silk Petticoats are absolutely guaranteed not to rip. They are beautifully made from the very best quality of Taffeta Silk, and the prices are from $5.00 to $8.00 each.

BATH SUITS——The season has come for Bath Suits and we have an immense quantity placed on sale for Women and Children—Men and Boys. We also have the shoes, caps and wings.

If you will see our prices on Bath Suits, we feel sure that we can sell you one. We have a large variety in all prices, styles and qualities.

HAMMOCKS——Take life easy; Gaylord has hammocks to sell and the prices are from 98c. up to $3.50 each.

If you wish a fine Hammock or a cheap Hammock, give Gaylord a chance on the sale. He buys direct from the factory and there is no middle man to reap a profit. His prices are absolutely right.

Have you seen the Beautiful Decorated China Breakfast Set that Gaylord is giving away with punch cards. With $1.00 and a punch card filled out, Gaylord will give you one Decorated China Breakfast Set of 31 pieces, worth at least, $3.50.

DAVIS' BIRTHDAY IS A HOLIDAY

Last Sunday Was Birthday of President of the Confederate States—Observed by Eight States.

(Savannah News.)

Eight Southern States observe in a special manner the anniversary of Jefferson Davis' birth, June 3. Six of them, including Georgia, have made the day a legal holiday. Louisiana decorates the graves of her Confederate dead on June 3d, and in Virginia the public schools hold exercises in honor of the illustrious dead statesman. In Georgia, Florida, Tennessee, Alabama, South Carolina and Texas legal enactment has set the day apart to be observed as a holiday sacred to the memory of the man who more than any other represented in her personality the cause for which the South impoverished itself and poured out freely its best blood.

The several legislatures acted wisely when they made Jefferson Davis' birthday a legal holiday. To the rising generations the war between the States is rapidly becoming more or less an intangible incident of history. In school the children study about that war and its leading characters pretty much with the same degree of interest that they do about the war of 1812, or the Mexican war, or the revolutionary war. But when June 3d comes around and there is a suspension of business in the stores and shops, and the schools close their doors for the day, the children begin to inquire the reason all of this honor is paid to Jefferson Davis. Their interest being aroused, they ask questions of their elders and draw from them the story of the great Mississippian's patriotism, services and devotion, and at the same time learn more of the war, its causes, its sacrifices and its consequences than they would ever learn from their text books. To the older people of the South the day is one of reminiscence and veneration for a dead and sacred past; to the young people of the South it is a day of instruction in the faith of their fathers and the instruction always falls upon sympathetic ears.

It is now nearly seventeen years since Jefferson Davis died, one of the most sincerely lamented of American statesmen. Many an old soldier will wonder that the years have slipped along so rapidly since the tolling of bells and the draping of flags throughout the South marked the passing of the first and only President of the Southern Confederacy, and the veterans will be reminded by the recurring anniversary that the days of their own remaining years can at best be only a few. But they will have satisfaction in the knowledge that so long as the South remains true to its traditions, Jefferson Davis' birthday will be celebrated, and his services and theirs will receive the meed of gratitude that is their just due.

WOMAN BANDIT IN PENNSYLVANIA

One Captured Masked and With Revolver in Each Hand—Had Been Holding Up Farmers.

Pittsburg, Pa., June 2.—For two weeks a female bandit has been terrorizing farmers who sell their products at the Allegheny market house. The woman has been secreting herself in the undergrowth along the Evergreen road, and when farmers have approached alone, the woman would appear in the roadway with a revolver in each hand and command them to throw up their hands. Several farmers reported that she secured considerable sums of money from them.

This morning Jonathan Williams, a well-to-do farmer of Shaler Township, reported that the woman had held him up last evening as he was going home and had robbed him of $110. Officer Bush was sent out to investigate, and finally arrested Maggie Brown, aged forty-three, who was living in a house near the scene of last night's hold-up. She was brought to the station-house, where she was identified by Williams, although she wore a mask when the robbery was committed.

The Brown woman, who is well known to the Allegheny police as a pickjockets; finally admitted that she had turned highwayman. Around her neck the woman had a purse, in which she had over $300 in money. She also had four revolvers concealed in her dress when arrested.

URIC ACID POISON

Uric Acid is fully recognized by the medical profession as a virile factor in producing many diseases. Among others, it causes

Bright's Disease, Gravel, Gout and Rheumatism

However, an eminent physician says, "Lithium forms a salt with Uric Acid which is very soluble—dissolving readily, passing from the system and preventing its secretion in blood, tissues and joints."

The percentage of Lithium in Harris Lithia Water, comparatively, is extremely high, making it the finest of mineral waters for Uric Acid poison.

THE COTTON MARKETS.

New York, June 4.—The cotton market was active and more or less excited, the feature being the first report of the government for the season giving the acreage and condition of the crop. This report proved a little more favorable to prices than expected and was followed by an advance, with the market closing very steady at a net gain of 12 to 17 points. Sales for the day were estimated at 550,000 bales.

The opening was steady at a decline of 2 points to an advance of 6 points, July being the only month lower and selling at a new low level for the movement on the call. It rallied almost immediately, however, and during the first hour prices sold up to a net gain of about 8 to 11 points on covering and bull support which was promoted by the report of a prominent New Orleans authority estimating the increase in acreage at about 5 per cent., and reporting that the development of the crop had been retarded by abnormally low temperatures. Realizing caused a re-action of 3 or 4 points just before the Government report was issued, but immediately upon the publication of this report showing a condition of 84.6 per cent., and an acreage of 28,686,000 acres, there was a very sharp advance carrying July to 10.67 and December to 10.56 or about 17 to 26 points net higher. This was followed by a partial reaction under relizing with fluctuations in the late trading very nervous and irregular. The weather continued favorable over the holidays except from some talk of too much except from some belt, and but few private advices are being received complaining of the start of the crop, New Orleans and Liverpool will be open to-morrow.

Receipts of cotton at the ports to-day 10,078 bales against 11,675 last week and 14,525 last year. For the week estimated 60,000 bales against 76,957 last week and 112,430 last year. To-day's receipts at New Orleans, 2,744 bales against 3,167 last year and at Houston 1,102 bales against 3,099 last year.

Spot cotton closed quiet, 5 points higher; middling uplands, 11.30; middling gulf, 11.55; sales, 300 bales.

Futures closed steady. Prices follow:

SOUTHERN MOVEMENT FOR IMMIGRATION

Plans of Organization Adopted In Washington Yesterday—Eight States, Including North Carolina, Represented—Galveston Station

By Wire to The Morning Star.

By Wire to The Morning Star.

New York, June 4.—The Southern States Immigration Commission, which includes among its members representatives appointed by the governors of seven Southern States, met and organized in this city to-day. The purpose of the commission is to promote immigration in the South. The States were represented as follows:

Georgia, David Robinson; Alabama, P. P. Hunter; Louisiana, Charles Schuler; Virginia, C. E. Miller; West Virginia, Max Robinson; North Carolina, Alexander Helper; Maryland, J. G. Schonfarber.

Other present were United States Immigration Commissioner Watchorn; J. C. Horton, of the Savannah Board of Trade; George B. Edmounds, of the Charleston, S. C., chamber of commerce; Edmund D. Brown, of the Albany, Ga., business league, and representatives of the Seaboard Air Line, Old Dominion, Southern Railway and other transportation companies.

To-morrow the commission will visit Ellis' island.

The committee on immigration reported a tentative plan on immigration which provided that the commission be composed of three delegates from each of the Southern States to be appointed by the governors and that the executive board consist of fifteen members. It proposed also that the representatives of transportation, commercial, industrial, mercantile and agricultural organizations as well as immigration and colonization associations shall be eligible to membership. The plan provided further for the establishment of a permanent bureau in New York city with a resident chairman.

The following Executive Board to serve for a year and with power to complete the full membership of fifteen was elected by the meeting:

Frederick Gordon, Georgia; T. K. Bruner, North Carolina; P. P. Hunter, Alabama; David Robinson, Georgia; C. W. Olson, Tennessee; D. W. Coons, Kentucky; Dr. Thomas R. Slicer, New York (Maryland); Max Dobinson, West Virginia; Harvey Jordan, New Orleans.

To Land Immigrants in South.

Washington, June 4.—In order to meet the new conditions arising from the announced intention of the North German Lloyd Steamship Company to make regular landings at the port of Galveston, Texas, and to more efficiently provided for the handling of immigrants at that place, in consequence, Frank P. Sargent, commissioner general of immigration, will leave here to-morrow for Galveston where he will confer with representatives of steamship and railroad companies on the subject. It has been found necessary, in view of the anticipated increased immigrant arrivals at Galveston, to consider the question of the establishment of a detention camp at that city. At present examinations are made either on shipboard or on the docks, but it is recognized that this plan will not have to be abandoned.

It was to-day stated at the bureau of immigration that in view of the agitation regarding the proper disposition of immigrants to this country, unquestionably great numbers will, if the purpose of the North German Lloyd Steamship Company is carried out, be diverted from the larger Atlantic coast cities and find their way to the farms of the South. It was announced that the moves are not in the interest of any particular class of immigrants, although it is believed that the majority of the foreigners will be Italians.

The advantages offered in the Southern States for Italian immigration have been carefully looked into by Mayor Des Planches, the Italian ambassador, who made an extensive trip into that section of the country and reported the results of his observations to his government.

The subject also receved attention at the hands of the Southern Industrial Parliament at which inducements were held out to the immigrant to take up his home in the South and become identified with its industries.

SENATOR A. P. GORMAN DIES IN WASHINGTON

Distinguished Southern Statesman Passed Away Yesterday Morning—To Him the South Was Indebted For Defeat of Force Bill

By Wire to The Morning Star.

By Wire to The Morning Star.

Washington, June 4.—Arthur Pue Gorman, United States Senator from Maryland, died suddenly at his residence in this city at 9:05 o'clock this morning. While Senator Gorman had been ill for many months, he had shown some improvement lately. Heart trouble was the immediate cause of death.

Senator Gorman, long had been a notable figure in the National Congress. He first took his seat in 1881 and served continuously for eighteen years, and nearly all of that time he was the leader of his party in the Senate. Winning early a reputation for sagacity and the keenest judgment in congressional affairs, he attained prominence, not only as a leader in the Senate, but in the country at large and by many he was considered the most available man in his party for the Presidency. He was chairman of the Executive Committee and managed the campaign that resulted in the election of Cleveland in 1884.

Dying Request.

Senator Gorman leaves a widow and six children, as follows: Miss Ada Gorman, Mrs. Wilton J. Lambert, Mrs. R. A. Johnson, Mrs. R. W. Hills, all of this city; Mrs. Stephen Gambrill, of London, England, who arrived here a week ago, and Arthur Pue Gorman, Jr., of Laurel, Maryland, a member of the Maryland Assembly.

The funeral will be held at Senator Gorman's late residence, 1432 K streets, N. W., at 11 o'clock Thursday morning.

Senator Gorman, in a written request addressed to Mrs. Gorman, asked that no State funeral should be held. He said that he did not wish his body to be brought to the capitol, as he wanted his colleagues always to think of him as they knew his in life as an active Senator. There he was always cheerful and invariably smiling and it is regarded as characteristic of his disposition that he should desire so to be remembered.

Defeated the Force Bill.

The most notable contest of his congressional career and one which attracted to him wider attention than anything else, was when he led the Senate minority in 1890-'91 and defeated the Federal elections bill. To his sagacious leadership and adriot management, his party friends attributed the defeat of the measure which was so obnoxious to the South.

When the Democrats had control of the Senate, Gorman was the recognized leader of that body. It was at that time that the tariff of 1894 was passed, and although the Maryland Senator was not a member of the finance committee, he had so much to do with shaping that measure that his name is often given to it, and, in fact, it is frequently called the Wilson-Gorman tariff.

Fought Cleveland.

It was during Cleveland's last administration that a break occurred between the Democratic President and the leader of the party in the Senate. In a speech which will always be remembered by those who heard it, Senator Gorman severely arraigned the President. To this opposition the defeat of Senator Gorman a few years later is attributed, although his party lost Maryland in the silver campaigns. As soon as the Democrats regained control of the State, he was at once re-elected to the Senate.

It was a tribute to his leadership that as soon as he was again in the Senate he was made leader of the minority and although the seniority rule is strictly enforced, Gormon was given committeee places that were equal to those he had held after long continuous service.

Opposed Imperialism.

Senator Gorman was vigorously opposed to the acquisition of the Philippines and fought the ratification of the Paris treaty with all the force he possessed. Knowing that strong pressure was being exerted on Democrats who were standing with him, he urged an early vote while friends of the treaty held back until the necessary

PACKING HOUSE INQUIRY

President Roosevelt's Message Received and Applauded—Filibustering at End—House Adjourns in Memory of Gorman.

By Wire to The Morning Star.

Washington, June 4.—Peace spread its pinions over the House of Representatives to-day, the leader of the minority, Mr. John Sharp Williams, of Mississippi, being willing to call off the forces of opposition now that the report of the conferees had been made on the statehood bill.

When the speaker laid before the House to-day President Roosevelt's message and summary of the investigation made by Messrs. Neill and Reynolds on the methods of the beef packers, great interest was displayed by the members in the message of the President. The reading of the message was closely followed and at its conclusion there was a show of applause which was instantly checked by the Speaker's referring the document and the accompanying papers to the Committee on Agriculture.

This was "mounment day" in the House, and the following monuments were authorized:

At Provincetown, Mass., to commemorate the landing of the Pilgrim fathers; on Kings Mountain, Battleground, New county, S. C., to commemorate a battle of the revolution fought there October 7, 1780; for a monument on the battlefield of Princeton, N. J.; for a monument to the memory of John Paul Jones, to be erected in Washingfiton; for a statue to the memory of Commodore John Barry, to be erected in Washington; for a bronz statue to the memory of Henry Wadsworth Longfellow, to be erected in Washington.

The bill creating a new collection district in Texas, to be known as the Sabine district, with Porth Arthur as the port of entry and Sabine a subport, was passed after a sharp discussion. The vote was almost unanimous.

The House being officially notified by the Senate of the death of Senator Arthur Pue Gorman, of Maryland, Mr. Talbott, of Maryland, presented resolutions of condolence and after the appointment of seventeen members to attend the funeral services, the House as a further mark of respect to the late Senator from Maryland, adjourned until noon to-row.

BOMB HORROR CAUSES SHUDDERS

Anarchist Who Threw Destructive Missile Will Be Buried To-day

HE HAD MENTAL DISEASE

Shot Guard Was Arrested Him and Killed Himself—Wedding Fetes Are Proceeding—Lieut. Grant With King at Inspection.

By Cable to The Morning Star.

Madrid, June 4.—The populace of the Spanish capital is gradually recovering its composure, and the programme of wedding festivities is being carried out although the nerve racking tragedy of May 31st, is likely to leave a lasting impression on the royal family as well as on the people here. The principal event to-day was the military review at Carabanchel camp, at which King Alfonso and Queen Victoria were present. The former, who wore the uniform os a captain general and who was mounted on a handsome bay, galloped along the lines. His escort was composed of officers of all nations in varigated uniforms, Lieutenant U. S. Grant, the American representative, being conspicuous in the white uniform of the United States Army.

The newspapers of Madrid are chiefly givin gtheir attention to the need of measures for the protection of society against anarcay, but point out the difficulties which even the freest countries, such as the United State, and France, have experienced in restraining the activities of this element.

Members of the family of Manuel Morales, the perpetrator of the bomb outrage, are expected to arrive in Madrid to-night. The burial of the assassin probably will take place tomorrow in some obscure place. The police are on the track of the accomplices of Morales who committed suicide Saturday at Torregon de Ardos, after having shot the rural guard who arrested him. His conferedates, it is now known, assisted Morales in escaping and gave him shelter Thursday and Friday nights. It is believed that the anarchist used an automobile in escaping from Madrid and a canvass of all the automobiles is going on.

An autopsy on the body of the anarchist disclosed that a disease was making him a mental degenerate. He belonged to the ararchist sect known as the anti-Malthusians, who uphold the theory that the prevention of marriages and births would gradually reduce the population so that the rich would be unable to procure servants.

MEXICAN RIOTS NOT REVOLUTION

Trouble Grew Out of Reduction of Wages By Mine Operators.

NOT OVER 35 MEN KILLED

Five of Slain Were Americans and Thirty Mexicans—Mexican Authorities Have Restored Order. Everything is Now Quiet.

By Wire to the Morning Star.

Washington, June 4.—Mr. Thompson, the American ambassador to Mexico, has telegraphed the State Department in answer to instructions relative to the Cananea disturbances, that the outbreak there was revolutionary in character, formented from headquarters at St. Louis, Mo.

Mr. Thompson was charged to remind the Mexican authorities of the responsibility upon them to guard the lives and property of American citizens at Cananea and also to invite suggestions as to how our government might co-operate to that end. His conservation with Minister Bariscal, of the foreign office, brought forth the statement from the official that a revolutionary Junta, operating in St. Louis, seized upon the discontent existing among the miners at Canarea to stir up a revolution direct against the Mexican government itself.

General Bell, the chief of staff, today sent orders to Golonel Watts, commander of the squadron of the Fifth Cavalry, which went from Fort Huachucha, to Naco, Arizona, to return to that post.

St. Louis, June 4.—When Mexican Consul Serrano was shown the dispatch relating to Ambassador Thompson's telegram to the State Department he made the following statement to The Associated Press:

"I do not know of any Mexican revolutionary headquarters in St. Louis. Several months ago a revolutionary newspaper called Regeneration was published here; the editor was arrested and later fled. I think that instance must have given rise to this report of a revolutionary headquarters in St. Louis."

T. J. Wolfley, St. Lonis representative of the Greene interests said:

"The Cananea trouble is cused entirely by a strike for higher wages. I know ambassador Thompson and it is my opinion that he is certainly mistaken about a Mexican revolution being formented in St. Louis."

Bisbee, Ari., June 4.—The situation here is entirely under control by the Mexican authorities. Stories of revolution and other facts are unfounded. A conservative estimate of the killed is 5 Americans and 30 Mexicans.

PACKING HOUSE CREATES SENSATION

President Sends it to Congress and Urges Drastic Legislation

RUINS FOREIGN MEAT TRADE

London Papers Urge British to Fight Shy of American Meats—Gen. Miles Declares Embalmed Beef Scandal was Whitewashed.

By Wire to the Morning Star.

Washington, D. C., June 4.—President Roosevelt to-day sent to both houses of Congress the special report of Messrs. Reynolds and Neill concerning their packing house investigation, and accompanied it with a message. He states that he appointed Messrs. James Bronson Reynolds and Commissioner Charles P. Neill a special committee to investigate into the condition of the stockyards of Chicago and report theron to him. He then says in his message that he now submits the report to Congress "Because it shows the urgent need of immediate action by the Congress in the direction of providing a drastic and thoroughgoing inspection by the Federal Government of all stockyards and packing houses and of their products, so far as the latter enter into interstate or foreign commerce. The conditions shown by even this short inspection to exist in the Chicago stockyards are revolting. It is imperatively nevessary in the interest of health and of decency that they should be radical ly changed. Under the existing law it is wholly impossible to secure satisfactory results."

The President calls attention to the statement in the report that the methods of handling and preparing of food products is uncleanly and dangerous to health, and urges immediate legislation to remedy it, suggesting the adoption of the Reveridge amendment providing for inspection. He recommends a tax on each animal slaughtered to pay for the cost of inspection.

Packers Deny Reports.

Chicago, June 4.—Eight meat packing establishments of Chicago to-night issued a joint statement replying to the charges made in the Neill and Reynolds report of their investigation of the packing plants and President Roosevelt's message to Congress.

The packers declared that their plants are kept clean, their methods of manufacture are sanitary, their products wholesome and that for years doctors, chemists, sanitarians and official investigators for nearly every civilized nation on earth, who have made examinations of the manner in which the meat packing plants are
